

Parents and Community Members:  
Share Your Professional Experience  
With Hommocks Students on the  
7<sup>th</sup> Annual  
**Real Work/School Work Day**  
Friday, February 5<sup>th</sup>, 2010

This event is designed to give students an appreciation of how their school studies relate to careers in the “real world.” We need approximately 50 volunteers to visit the classrooms in the morning and share their work experience with students. This program has enjoyed tremendous success with students and volunteers alike.

As in the past, this year’s program will highlight four general fields:

- Creative Arts
- Public and Not-For-Profit
- Science and Technology  
(including Medicine and Information Technology)
- Business and Law

**If you would like to present or know someone who does, please contact:**
